

Disposable Glove Nitrile Premium Plus

Description	Nitrile disposable glove for toughest use Length: 30 cm AQL: 1.5, non-sterile Wall Thickness: min. 0,20 mm ~ 8 mil Weight Size M: 12,0 g/piece +/-0,5g
Material	Nitrile
Application areas	Cleaning, chemical protection, agriculture especially suitable as milking glove
Product benefits	Extremely robust and tear-resistant Protection of the wrist due to extra-long cuff ambidextrous food safe latex- and powderfree free from allergenic thiurams, thiazoles and latex proteins
Single packaging	50 pieces per dispenser box
Standards	KAT III, EN ISO 374-1:2016+A1:2018 Type A, EN ISO 374-5:2016

Logistical Data:

Item no.	Size	Barcode	Minimum order quantity	Packaging Unit	Pal
153075	S / 6,5-7	4018653302156	1 Pack	1/20	300
153076	M / 7,5-8	4018653302163	1 Pack	1/20	300
153077	L / 8,5-9	4018653302170	1 Pack	1/20	300
153078	XL / 9,5-10	4018653302187	1 Pack	1/20	300
153079	XXL / 10,5-11	4018653302194	1 Pack	1/20	300

Certification:

A) Chemical resistance according to EN ISO 374-1:2016+A1:2018, Type A, EN 374-4:2019

ID Code.	Substance	CAS-Nr.	Class	Performance level*	Degradation
J	n-Heptane	142-82-5	Aliphatic hydrocarbon	3	45,1%
K	40% Sodium Hydroxide	1310-73-2	Inorganic base	6	-7,6%
L	96% Sulphuric acid (L)	7664-93-9	Inorganic acid	1	100%
O	25% Ammonium Hydroxide	1336-21-6	Organic base	3	93,5%
P	30% Hydrogen Peroxide	7722-84-1	Peroxide	6	27,8%
S	40% Hydrofluoric Acid	7664-39-3	Inorganic acid	2	x
T	37% Formaldehyde	50-00-0	Aldehyde	6	16,4%

*legend:

Performance level	1	2	3	4	5	6
Breakthrough time (min)	>10	>30	>60	>120	>240	>480

B) Microbial resistance according to EN ISO 374-5:2016

Protection against bacteria and fungal spores: pass
 Protection against virus: pass
